The Virtual Learning Coach Service

iCademy Middle East is proud to introduce the **Virtual Learning Coach Service** to all of our students. This service will enhance the current support our Online Teachers provide, the Virtual Learning Coach (all our learning coaches are certified teachers and based in Dubai) will deliver additional personalised support for your child/children.

What is the difference between opting for only the online school versus the online school plus the virtual learning coach service?

Students that study online from home, will continue to benefit from the full online teacher support that we provide. However, some families require additional reinforcement of daily tasks and progress to date, that our Virtual Learning Coaches can provide with small teacher to students ratios.

What We Offer:

A new service created to add on support for our online families, the Virtual Online Learning Coach Support, will be used by students studying online at home with the advantages of the

- Daily checks in
- Weekly individual plans
- Weekly progress update
- Live conferences group sessions where questions can be asked
- One-to-one virtual sessions with Learning Coach

A day in the life of a student enrolled for the Virtual Learning Coach Service

1. Google chat check in/out: All students signed up for the Virtual Learning Coach Service must check in and out daily. Their attendance is registered by the Learning Coach.
2. Each student, receive an individualized weekly plan.
3. Each students receive a progress update by the end of each week. This outlines how they have done during the week and where they can improve.
4. 3 hours (divided between our Learning Coaches who specializes in those subjects) where students can attend live conferences along with other students and ask questions. If they need additional support one-to-one sessions are scheduled for later in the day. Students who opted for the 5 times a week support, can schedule one-to-one sessions daily and 4. when available the relevant LC sets up a private one-to-one conference.
