

THE KNOWLEDGE HUB

The iCademy Middle East Knowledge Hub is our enhanced learning hub program. The Knowledge Hub offers a safe, interactive, and supportive environment for iCademy Middle East students to thrive, both academically and socially!

BLENDED LEARNING

iCademy Middle East students are supported by certified teachers in a small group setting. Through individual attention, we reach each student; improving their academic performance while boosting their motivation, self-confidence, and love of learning!

STEM LAB

Our STEM Lab will provide students the opportunity to engage in hands-on learning, sparking their curiosity and creativity while developing the 21st-century skills required for future careers.

FLEXIBLE SCHEDULES

Flexibility is one of the biggest benefits of our blended model approach to learning. iCademy Middle East Knowledge Hub offers 5-day, 3-day, and 2-day options for our K-12 students.

WELLBEING

The Knowledge Hub offers a range of activities to enhance the social and emotional wellbeing of our students. From outdoor exercise and recreation to indoor games and activities, iCademy Middle East focuses on building self confidence and self-esteem in all our students.
