*iCademy Middle East is a private, US diploma-granting school with a unique student body representing students from the GCC region and around the world. We use the Accel Management Platform (AMP) for Education, internationally recognized for its high interactivity, flexibility, and individualization. Students develop independent learning skills that prepare them for a university education. We are a high-quality, online and blended learning school that provides personalized education for students with a wide range of academic strengths and interests.*

*iCademy Middle East is an online and blended learning school dedicated to providing high-quality, personalized education to students worldwide. We aim to develop confident, lifelong learners and multilingual citizens who can thrive in today's interconnected world.*

We believe that high-quality learning encompasses the following core characteristics, skills, and attributes: **independence, self-discipline, critical thinking, and collaboration.**

Our vision is to create a dynamic and challenging learning environment that integrates technology with a rigorous and engaging curriculum. We are committed to delivering individualized education within a global context, inspiring students to reach the highest standards of intellectual and personal development.

High School students can choose from an extensive catalog of courses to suit their interests and goals. Many English, Math, Science, and History courses are offered in multiple versions – Comprehensive, Honors, and AP®, to meet the needs of learners with diverse goals. Up to three levels of World Languages are offered as well, depending on the language. Additionally, many of our courses can be used for NCAA athletic eligibility.

Courses are structured to be delivered over ninety-day semesters to ensure a quality education and are synchronous in design, requiring a high degree of interaction between the student and teacher. Most of our students take a college preparatory curriculum over a four-year period. All courses are taught by a certified teacher who holds a current qualification or endorsement in his or her subject area. Each full-time student also has the support of an Academic Advisor and School Counselor to ensure personal and academic success. A wide range of clubs, activities and organizations are available to provide our students with opportunities to develop leadership skills, make friends and nurture their talents and interests.

## Accreditation

iCademy Middle East is accredited by the New England Association of Schools and Colleges (NEASC). We are also licensed by the Knowledge and Human Development Authority (KHDA) in Dubai, UAE. The KHDA is the educational quality assurance and regulatory authority which oversees private education institutions in Dubai.

## Graduation Requirements

Specific requirements for the High School diploma include 4 years of English, 4 years of mathematics, 4 years of science, including 2 lab sciences, 4 years of History and 2 years of World Language. Additionally, students must complete 1 semester of Physical Education, 1 semester of Health and 5 additional credits in Electives. A total of 24 credits are required for graduation. Each semester is awarded 0.5 credit per course.

## Grading

As with most private institutions, we do not rank our students. We draw from a very diverse group of students from around the world and offer a wide array of courses. Our teachers adhere to stringent grading standards and policies to ensure a precise evaluation of each student's academic performance. Cumulative Grade Point Averages are listed by school year on the official transcript for iCademy Middle East classes only. We do not compute a cumulative GPA for courses taken outside of iCademy Middle East due to inconsistent grading policies among previous schools

## Grading Scale
