MIDDLE EAST

The American Online School

# THE VIRTUAL LEARNING COACH SERVICE

## WHAT WE OFFER

The Virtual Learning Coach Program offers virtual support from our Learning Coaches with the following advantages:

- ✗ Daily check-in and registration
- ✗ Weekly progress update and assignment tracking
- ✗ Live conference group sessions
- ✗ Scheduled drop-in sessions for one-to-one support with a Learning Coach

iCademy Middle East offers our Virtual Learning Coach Program (VLCP) to provide additional individualized support for our students. This optional service will enhance the support our online teachers provide. Our Virtual Learning Coaches are all certified teachers, experienced in our curriculum and our online platform.

What is the difference between opting for the online school versus the online school plus the Virtual Learning Coach Program? Students who study online from home will continue to benefit from the full online teacher support that iCademy Middle East provides. However, some families require additional support for their student to access the curriculum. Our Virtual Learning Coaches can provide that support with a low student-to-Learning Coach ratio, allowing for a more individualized approach.

## PRICING

Add-on Fee (excluding the online tuition fee)

### ONE SEMESTER

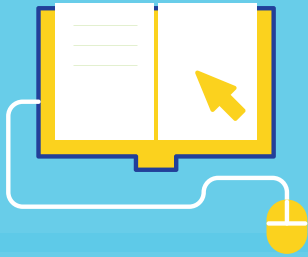

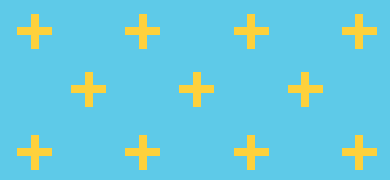

5x a week - 12,360 AED

3x a week - 7,210 AED

### FULL ACADEMIC YEAR

5x a week - 18,540 AED

3x a week - 12,360 AED

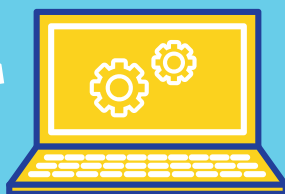

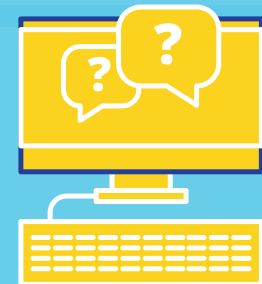

Daily virtual check-in/out. All students signed up for the Virtual Learning Coach Program must check in and out daily. Their attendance is registered by the Learning Coach.

Each student's progress and assignments due are updated and monitored weekly by his or her Learning Coach.

Each student receives a progress update at the end of each week. This outlines how students have progressed in their courses and what they need to prioritize in the week ahead.

Classes are scheduled each day by subject; students can attend live class conferences along with other students in their group for guidance and support.

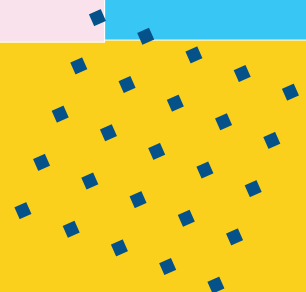

If additional support is required, one-to-one sessions can be scheduled in drop-in sessions with their Learning Coach, subject to timetabling requirements.
