iCADEMY
MIDDLE EAST

THE AMERICAN ONLINE SCHOOL

PART OF

WHO WE ARE

iCademy Middle East is a NEASC accredited, American Online School for students in Kindergarten through to Grade 12. We are fully licensed by the KHDA and provide NCAA eligible courses. We are part of Pansophic Learning based in Virginia, USA and have operated in Dubai since 2007. Enrollment is open for all students residing in the GCC and worldwide.

iCademy Middle East combines the benefits of a traditional school with the flexibility of individual support and personalized plans. Students can study at home, or in our Knowledge Hub in Dubai, a blended-model learning center with low student-teacher ratios.

ABOUT OUR ONLINE SCHOOL:

Our Online School offers rich, challenging, and engaging online content. We offer live and recorded classes with the help of our certified online teachers.

An individualized plan is tailored toward each student's aptitudes, academic needs and interests. A Learning Coach is provided for students who study at the Knowledge Hub. The Learning Coach facilitates progress through daily lessons for students in grades K - 8, and helps students in grades 9 - 12 stay on task.

WHO WE CAN HELP

iCademy Middle East believes that all students should receive an education appropriate to their ability, needs and interests. Our flexible programs are tailored to support individual self-paced, structured learning.

STUDENTS THAT BENEFIT FROM THE SERVICES WE PROVIDE:

- ◆ Gifted and talented
- Advanced learners who require a challenging curriculum
- ⚡ Students who may have mild to moderate learning difficulties or do not fit in well in a traditional school environment
- Students who require the ability to study at home or anywhere with an internet connection
- ◆ Students who are on a waiting list for a traditional, bricks and mortar school
- ⚡ Students who are aspiring athletes and performers, and need a flexible school day
- Expatriate students

WHERE YOU CAN STUDY

Study from Home

Our online school provides a rigorous, engaging curriculum for students in grades K-12. A parent or other responsible adult works in conjunction with our highly qualified teachers as a "Learning Coach", facilitating progress through the daily lessons for younger students, and ensuring older students stay on pace. Course teachers remain constantly involved to teach live and recorded lessons, provide grading and feedback, and develop specific intervention plans when a student is struggling. Our homeroom teachers (grades K-5) and Academic Advisors (grades 12-6) provide general support to each student and help ensure that students are successfully progressing through their program of study.

Knowledge Hub in Dubai

The iCademy Middle East Knowledge Hub, offers a supportive and friendly environment where our individualized style of learning meets the strengths and needs of your child with a low teacher to student ratio. At the Hub, our personalized approach to education allows students to feel supported and understood as they complete each stage of the curriculum.
